The trench shall be backfilled in accordance with the specifications regulating street excavations within the Borough of Wilkesburg.

Safeguards required for permits

A. All gutters shall be left open so as not to obstruct the free passage of water, and the sidewalks and footways must be kept in a safe and passable condition. All excavations or material from them shall have placed on them sufficient lights and barricades to identify them from all directions during the day and after dark.

B. If, for safety purposes, the Department deems it necessary to install additional warning devices such as lights, barricades or signs, the permittee shall be notified of the decision and shall receive instruction on the installation. In case of emergencies, the Borough may install all additional warning devices deemed necessary by the Department. The Borough shall invoice the permittee for rental and installation costs incurred from the date of installation until the permittee installs warning devices.

C. If the permittee fails to install such devices, the Borough shall invoice the permittee for rentals and installation costs incurred from the date of installation until the date of removal. Payment not made by the permittee within 30 days of the invoice date will be chargeable against the posted bond, including all fees and costs involved in the collection of this payment.
